Education

Dr. A.P.J Abdul Kalam Technical University, Lucknow

(8.3 CGPA)

Bachelor of Technology (BTech) - Computer Science and Engineering (CSE)

Nov 2021 - June 2025

Kendriya Vidyalaya Bakshi Ka Talab (KV BKT), Lucknow

(95.6%)

Class 12th (CBSE)

April 2020 - April 2021

Skills

Technical: Python, Generative AI, SQL, API Development, FastAPI, Flask, Data Science, Machine Learning, OpenCV, Redis, YOLO (You Only Look Once), CUDA, Nvidia Jetson, Raspberry PI, Azure ML, Pandas, Numpy, Deployment, Linux, GIT, Tensorflow, Keras, MongoDB, Algorithms, Data Structures, Model Building, Artificial Intelligence

Tools: GitHub, Google Colab, Kaggle, Jupyter Notebook, VS Code, MongoDB Compass, Postman, NLTK, Redis Insight

Soft Skill: Leadership, Event Management, Public Speaking, Time Management, Team Work, Creativity, Critical Thinking

Work Experience

Associate Software Engineer Intern at Proeffico Solutions Pvt. Ltd.

(07/2024 - 12/2024)

- Led end-to-end development of computer vision systems for attendance system (InsightFace), shoplifting/idle-person/phone detection (YOLO), and alert APIs, **optimizing GPU performance with Ray** multiprocessing. **Reduced hardware costs by 90%** (Rs. 50k → Rs. 5k) by deploying Raspberry Pi solutions.
- Engineered memory-efficient APIs to process and distribute frames across 3 systems, **integrating Redis for data export via Cron Jobs**, and **logging using Kibana & Prometheus** for real-time monitoring.
- Automated **contract generation using Ollama GenAI**, cutting client onboarding time by 40% through SRS parsing.
- Collaborated cross-functionally using Git (production/dev/test branches) to streamline workflows, ensuring seamless integration of detection systems with billing counters.

Arduino Coding Intern at PlanTech Pvt. Ltd.

(11/2022 - 12/2022)

- Developed Automatic Plant Irrigation Systems using **Arduino UNO and its IDE using C++**, focusing on Coding Humidity Sensors for the environmental responsiveness.

Projects

Agentic SideBar: AI-Powered Web Automation

[GitHub Repo](#)

Generative AI, OpenRouter, Chrome Extension (MV3), JavaScript, MCPs

09/2025

- Engineered an AI-powered browser assistant with a robust tool-calling architecture (OpenRouter & MCPs) to automate complex web tasks, including DOM manipulation, tab management, and media capture with user confirmation.
- Architected a persistent, in-tab side panel that ensures seamless cross-tab state hydration and provides full workflow transparency via a real-time "Thinking" timeline.

SQLSense: AI-Powered SQL Assistant

[GitHub Repo](#)

Generative AI, Ollama, FastAPI, Gradio, Asynchronous APIs

11/2024

- Built an end-to-end SQL assistant (FastAPI + Gradio) for non-technical users to **generate, execute, and explain queries in natural language**. Analyzes results to suggest follow-up SQL queries, streamlining database interactions.
- Integrated schema-aware AI with safeguards (SQL injection prevention, Pydantic validation) and **async APIs for secure, real-time performance ($\leq 500\text{ms}$) with 99% uptime**. Automated CI/CD using **Jenkins** for efficient deployment.

Leetcode Helper: AI-Powered Chrome Extension

[GitHub Repo](#)

Generative AI, Gemini AI, Chrome Extension, JavaScript

01/2025

- Developed a Chrome extension integrating **Google's Gemini AI** to provide personalized hints and code analysis on LeetCode. Features an "Auto-Test" function that runs code against test cases for highly contextual feedback.
- Engineered a **secure, serverless architecture** using asynchronous JS for direct API communication, ensuring user privacy and real-time performance while identifying bugs and suggesting optimizations.

Enzyme Classification

[Kagle Kernel](#)

CatBoost, LightGBM, AutoML, Stratification

07/2023

- Ranked 12th Worldwide in a Kaggle Competition by Classifying Imbalanced Enzyme Data with Score of 66.088% ROC-AUC using CatBoost, LightGBM & AutoML.

Portfolios

Achievements

Awards/Certifications

Rising Star Award - Proeffico Solutions Pvt Ltd

12/2024

12th Rank Global - Kaggle Competition

06/2023

Microsoft Certified: Azure AI Fundamentals (AI-900 Exam)

08/2023

IBM AI Workflow: Feature Engineering and Bias Detection

10/2023

ML/AI Coordinator at Google Developer Student Club

08/2022

Class 12th Topper at KV BKT, Lucknow

05/2021

Machine Learning Course Completion Certificate – Kaggle

07/2023

Microsoft Student Ambassadors GitHub Essential Workshop

07/2022
